

# CASE STUDY

## Sarah Bonnell School, Stratford, London

**Client:** Laing O'Rourke  
**Sector:** Supply and Fix- Joinery Packages  
**Budget:** £160,000  
**Duration:** 12 weeks  
**Project specifications:**

This Supply and Fix joinery package included 110 Laidlaw door sets, 45 acoustic and fire screens, MDF skirting, architrave, window boards, stair strings, various boxings for Dado trunking and services with specialist ironmongery fitted to all door sets.

### Conclusions:

The project incorporated new build and refurbishment elements into the build. This created a very demanding project with irregular changes of workloads, variations and instructions. The additional items had to be completed within the original programme dates and through close management and good programming of resources M J Hillson Limited were able to complete to programme with minimal snagging due to our quality control procedures.

Very proactive team on a difficult project that was behind programme before joinery is project even started. Always carried out additional items with no fuss. **Leanne Evans**, Lang O'Rourke- Team Leader
