Sheffield Student Village-Phase 2

Client: Bovis Lend Lease

Sector: Labour Only

Budget: £1,000,000

Duration: 11 months

Project specifications:

Although this was a labour only management contract M J Hillson Limited supplied the MDF skirting. The door sets were bought by Bovis Lend Lease. Bovis placed their order with M J Hillson Limited with the view that they managed the complete package. In addition the contract comprised of the fit out of the toilet pod furniture. The paint grade MDF frames and pre-finished beech door sets were managed, called off, fitted, signed off and Firas checked before Bovis handed over the complete building. The toilet pod furniture was ordered by Bovis from China. This again was called off by M J Hillson Limited. Various variation works were also carried out with no detrimental effect to the rest of the project.

Conclusions:

This project was a fast running turn around with tight programmes and constant weather issues. We managed to complete buildings on time with a great deal of variation works and issues with other trades. The buildings were completed on time, to programme and to a high standard. M J Hillson Limited operatives had to work evenings and week ends on many occasions due to the demands of the programme and hand over. The work was completed to a very high standard.

Very impressed with the management team and the extra efforts all involved were asked of. Some of the issues were met head on and to a high standard. Organised efficient team. Good job.

Lee Bartlett, Bovis Lend Lease, Project Director.
